

Supported Playgroup Elderslie

Supported Playgroups focus on promoting strong and healthy relationships between children and parents as well as their wider community.

During a supported playgroup, families are assisted to connect to relevant supports and services to strengthen parenting skills and enhance parental well-being. Supported Playgroups promote a safe space to strengthen social connections, learn more about your child's development and have fun!

Purpose of Supported Playgroups:

- promote children's healthy emotional and social development
- improve relationships, safety and wellbeing of children and families
- improve the quality of children's early learning experiences
- increase knowledge for families of local services and support networks
- provide opportunities to strengthen family relationships
- increase social and community connection
